To the Executive of the I.T.F. and Senior Members,

It is with deep regret that we find ourselves in a situation where Membership Services continually choose to ignore our quest for answers, even after we (and they) know they cannot provide evidence of any claimed acts of us putting I.T.F. into disrepute.

Since August 2009, we have taken unwarranted punishment, which we think has broken every level of the floored constitution - this is the opinion of our solicitors too.

We have finally decide that this I.T.F. is run on fear and unfair ruling where no-one dares to ask questions when accused of wrongdoing - like other U.K. groups before us (B.U.T.F., Puma T.K.D., U.K.G.T. & G.T.U.K. to name but a few) we too are left with only one choice, to remove ourselves from what we call the clutches of dictatorship.

We are saddened by the fact that one person here in the U.K. has such control over an International body like the I.T.F. We thought that in backing Grand Master Choi's I.T.F., it would give us fairness and take us on a path of success and truth – sadly, we have been proven wrong.

Although it appears we have faced much injustice from one person here in the U.K., we still (and always will) hold Grand Master Choi and other Masters we have met in high esteem.

We now formally give notice that ALL members of the U.K.-L.T.S.I. (including Instructors and Black Belts) resign and, therefore, are no longer connected to I.T.F. Canada in any way, shape or form. Please remove all our membership details from your database by 27/10/09 - any attempt to contact any of our members now, or in the future, **WILL** result in legal action taken against you.

We thank you for your help and support over the years and wish you all the best for the future.

Yours in Tae Kwon Do

Chris Snow
