## ITF ASIA TAEKWON-DO VIRTUAL TUL CHAMPIONSHIP 2021

## Taekwon,

Since the global Covid-19 pandemic is spreading throughout all countries in the last 2 years back, everyone is slowly adapted to the online world. Taekwon-Do, with no exemption, has been slowly evolved into online coaching and virtual competitions. New challenges are faced by Taekwon-Do practitioners every day due to countries restriction and procedures of social distancing, wearing a mask and self-hygiene, especially in organizing competitions.

There were some small local and national virtual competitions being held over the past 2 years. Not many had dared to hold, let alone organized a championship at an international level with multiple countries participating.

Regardless of these challenges faced, Wee Martial Art from Malaysia, with the full support from Hong Kong ITF Council, took up the challenge and organized the ITF ASIA TAEKWON-DO VIRTUAL TUL CHAMPIONSHIP 2021. This is the first international virtual competition organized since the Covid-19 pandemic and sanctioned by ITF. The organizing chairman Mr Wee manage to secure some sponsorship for this championship and thanks for their contribution, JW Success Consultancy, Regime Freight & Logistics and Pinyi Resources.

This championship has gathered support and participation from 13 countries in Asia and Europe with over 700 participants competing from Germany, Spain, Korea, Japan, India, Bangladesh, Nepal, China, Chinese Taipei, Indonesia, Singapore, Hong Kong and Malaysia. This championship also had umpires from 10 countries, Ireland, Germany, Spain, Afghanistan, Korea, Japan, Indonesia, Singapore, Hong Kong and Malaysia to perform umpire duties.

On 20<sup>th</sup> November 2021, the championship was officiated with the opening speech by ITF Vice-President and Secretary General, GrandMaster Trevor Nicholls and organizing chairman Mr. Wee Lai Der and proceed for a duration of 1 week which will close on 27<sup>th</sup> November 2021 to enable the umpiring of the participants by umpires across Asia and Europe over 39 categories.

The championship was conducted offline but virtual where umpires across Asia and Europe were able to view and judge the competitors in their assigned category via a video recording of the competitors performing their tul from Google Drive within the duration of 1 week. Despite some minor technical issues during the virtual competition, the committees and all umpires managed to get engage and resolve it in the shortest time, in ensuring the umpiring continues to proceed smoothly.

To highlight here on the technical issue and what was conducted to rectified to ensure the smooth running of the championship –

- Wrong or missing video in the category:
  - Umpires feedback that there is missing or wrong video which is the rank that is not correct in the category. This issue was cause from error on the rank indicated which resulted in the wrong placement of the competitors in the category.
  - The committee immediately recheck and corrected the videos in the category.

- The judging continues on the category by the umpires if it is not completed as the committee managed to rectify the wrong or missing video.
- The category that has already completed the judging which has the wrong/missing video, were re-judge again by a different panel of umpires to ensure the fairness towards the competitors.
- Umpires unable to view the videos:
  - Committee took immediate actions to check on the link and reset for the umpires to be able to view the video and continue the judging.
  - As some umpires were still unable to view the video, chief umpire had provided the required video of the competitor to the umpire via Whatsapp chat to ensure the continuation of the judging.
- Umpire judging twice:
  - This is due that the umpires judged the category incomplete, which could have caused from network or access issue and possible time.
  - Reach out to the umpire to re-confirm on the reason for the twice judging and accepting the scores from the recent login of the umpire on the judging.
- Multiple similar score (tie-breaker):
  - The tie-breaker competitors were re-judge by a different panel of umpires instead of the assigned panel for the category

Thank you to all umpires for their patience and a great job done on umpiring with mass individual experiences contributing to the championship. This has shown the level of the ITF Umpires which is of International standards.

On 27<sup>th</sup> November 2021, the championship reaches its peak and officially wrapped up with a closing speech by Master David Lau, Asia Master Instructor after a strenuous week of umpiring by our umpires with results announced (Country medals tally and winners as follows). The championship organizing committee had place a huge effort and done a tremendous job coordinating and organizing this championship to ensure its success from a competition and umpiring perspective at an international standard.

On behalf of the organizing committee, Mr Wee Lai Der (Malaysia), Mr Kelvin Choi (Hong Kong), Chief Umpires, Mr Boon Ken Loon (Malaysia), Mr Derek Ma (Hong Kong) would like to express out thanks to the sponsors, participants, umpires and Masters across Asia and Europe with special thanks to ITF, President Choi Jung Hwa and ITF Executive for supporting and sanctioning this championship, our Championship's advisors, GrandMaster Trevor Nicholls and Master David Lau throughout this championship as without their guidance and advices, we would have never made it through.

The championship had received some great feedbacks and comments from the umpires and participants. Further information available from <u>Asia Taekwon-Do Virtual Tul Championship 2021</u>

Taekwon.
